SUPERINTENDENT

EAGLE PASS INDEPENDENT SCHOOL DISTRICT
J. I. JAMES, Superintendent
EAGLE PASS, TEXAS

December 20, 1960

Dear Students,

When we school administrators think of the education of our young people, we are concerned with whether our system of education is right and is affording you the very best possible advantages.

Many points of view have been expressed in magazine articles as to what is right and what is wrong with American education. Although most of us will admit that our educational system is not perfect, there are many fine things right with it, and it is to some of these things that I would like to call your attention.

Our public school system has developed meeting the needs of our young people as these needs arise and are defined. It is a system that is free and seeks to serve all our young people. Its pattern includes a great variety and it progresses by using scientific tools and techniques, emphasizing all-round development. I believe it affords parents and students an opportunity to choose the kind of education they prefer.

To have and to keep these "right" things about our schools, it takes the support and concern of our public as well as educators.

We hope that in the Eagle Pass High School all of us interested in your welfare are affording you the "right" things in an education, so that each of you can make the most of your abilities both for individual achievement and for the progress of our society.

Sincerely yours,

J.I. James
Superintendent

MR. C.A. LANDRUM

PRINCIPAL

TO THE STUDENTS AND GRADUATES OF 1961:

Graduate students in reminiscent talk usually refer to the teacher who really taught them and the teacher most often in this catagory is the one to whom you have dedicated the annual to this year. Needless to say, this type of student studied and passed his courses.

On the other hand, there is another type of student who in looking back remarks, "the teacher failed me". In all of my experience I have never known a teacher to fail a student; rather it is the student who failed to study, failed to be home eerly, failed to hand in assignments, failed to listen in class, failed to be regular in attendance, and failed to respect others---then he is astonished not to have a passing grade. The astonishment expressed is not real, but in his efforts to convince others he usually comes to believe it himself. The latter is the sad part of the situation; in his mind it becomes the teacher's fault that he failed.

Here is to more teachers who really teach and to students who do not alibi.

Sincerely yours,

C.A. Landrum

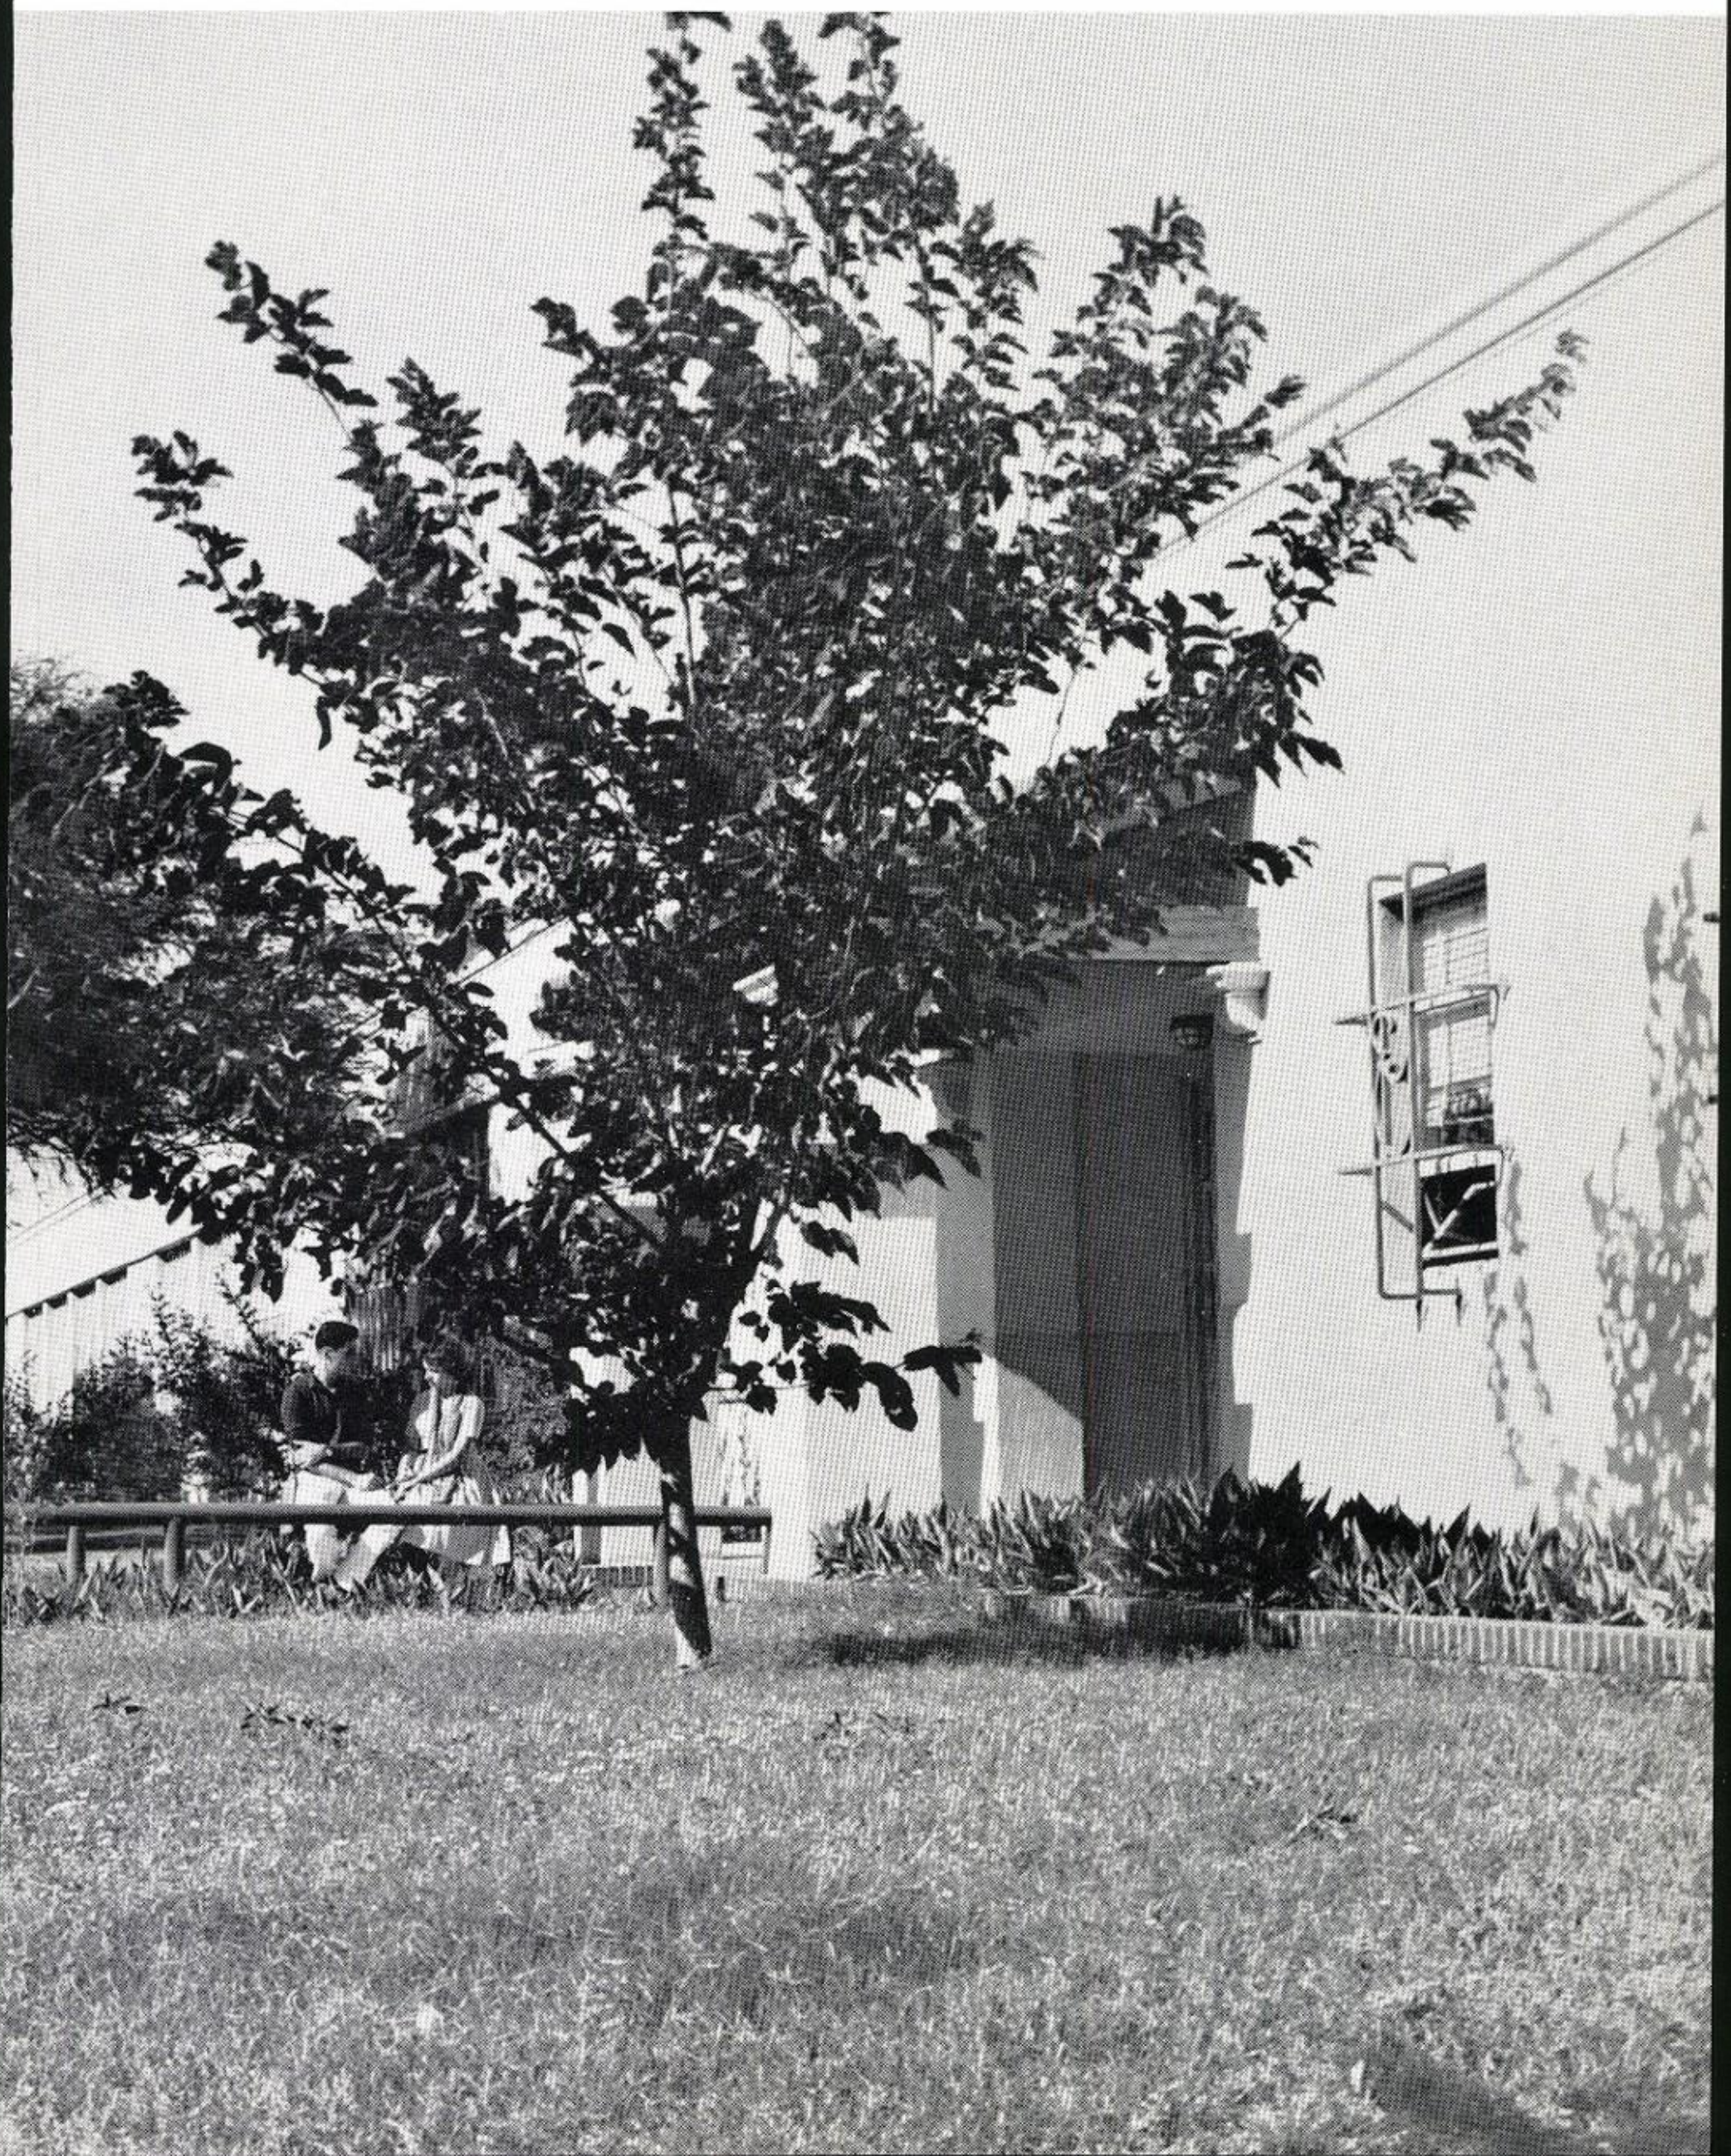
ORGANIZATIONS



STUDENT COUNCIL

Adela Bermea-Secretary, Blanca Rodriguez-Treasurer, Maria Gomez-Vice-President, Phyllis Cary-President.

The members of the Student Council looked forward to the year's activities with great enthusiasm. The first project was the Halloween Carnival, which was shared with various clubs.

Later we sponsored the making of mums for the Homecoming game and dance. The next event was the beautiful annual Christmas Ball.

Student Council members attended a very educational district meeting in Del Rio.

We, the Student Council, have tried to influence suitable student behavior.

President Phyllis Cary presides at meeting in library.

The Eagles fought their way through a rough season this year. The inexperienced Eagle team had a hard time against their aggressive opponents. The Eagles defeated Crystal City, mighty Freer, and South San. They won by forfeit over Brackenridge and Sam Houston. The Eagles placed second due to a 3-way tie for first. Although the Eagles had a hard time this year, the outlook for next year is much brighter because many experienced lettermen are returning.

SEASON'S RECORD

This year Eagle Pass had the best track team it has had in many years. Graduation is taking only four boys from a squad of 18; so next year the outlook is also bright. Darrell Hogan's cindermen swept through the season capturing first or second place in the majority of their meets. In an outstanding team effort the Eagles won the district crown by defeating strong opposition in a meet where the majority of the records were broken.

The boys placing first or second in district went on to Regional competition. Eagle Pass had more representation in this meet than any other team. The Eagles placed second in this meet losing by only a few points because of injury sustained by an Eagle runner.

The Eagles then sent six boys who entered in five events in the State Meet. "Mando" Cerna, high point man in the district meet, made a good showing in the high hurdles and high jump. Joe Moreno, the Eagles outstanding 880 man, ran 5th. Joe also ran on the Eagle's mile relay team. Anastacio Guajardo traveled to State for his third consecutive year and placed fourth with the best time he has ever recorded. The Eagles' mile relay team, composed of Joe Moreno, Pete Garza, Rogelio de la Torre, and Charles Innes ran a time of 3:21:7; well below the times ever recorded by our other Eagle track teams. They placed third in State under extreme competition.

All in all Eagle Pass has had a great season.
